Any individuals working with pesticides that require the use of respirators will be required to be medically cleared and fit tested annually.

Medical clearance can be completed by a physician or licensed health care professional prior to the event. Individuals will need to complete the **OSHA Respirator Medical Evaluation Questionnaire** and review it with a physician or licensed health care professional. The **Respirator Medical Clearance Physician's Written Opinion Form** **must** be completed by your physician or licensed health care professional.

The North Carolina Agromedicine Institute will be conducting the medical clearance and fit testing. Individuals are encouraged to get medical clearance before the Fit Test Event to expedite the process.

Medical Clearance & Fit testing will cost **\$35**

Fit Testing will cost **\$25**

Please bring a check for payment!
